Professor J. Ford
School of Physics
Georgia Institute of Technology
Atlanta, Georgia 30332 USA

Novosibirsk, 1973 May 10.

Dear Professor Ford :

On behalf of the Siberian Branch, USSR Academy of Sciences I have the honor to invite you to visit Akademgorodok (Novosibirsk) as our guest.

We expect you to stay here for the period of 10-15 days at any time suitable for you. Our scientists at the Institute of Nuclear Physics would warmly welcome the opportunity of exchanging information (and (collaborating) with you on scientific problems of mutual interest, especially in the field of nonlinear mechanics and statistical physics.

With respect to financial arrangements, the Siberian Branch of the USSR Academy of Sciences will pay your travel expenses from Moscow to Novosibirsk and back as well as your living expenses at Novosibirsk. (We would be happy to see all your family here if they find it interesting to come to Siberia. Unfortunately we shall not be able to cover their expenses.) Any further information concerning your visit you may discuss with Dr. B.V.Chirikov.

(Hope to see you here before long and remain)

Sincerely yours,
