(A rappeler dans la réponse)

Dr. Boris Chirikov,
U.S.S.R. Academy of Sciences,
Siberian Division,
Institute of Nuclear Physics,
Novosibirsk, 90., U.S.S.R.

Dear Dr. Chirikov,

Thank you for your letter of November 1.

I believe that it is somewhat too long to discuss the two points you mention in your letter in a written way. I would therefore like to suggest you to come over to the University of Brussels in order to be able to discuss of those in a more easy way. Would it be possible for you to spend a some time in our department? *I believe you know as Dr. Belosev.*

We would be glad to take care of your staying expenses in Brussels. Could you find a local support for your trip?

Very sincerely yours,

Kind regards, I hope you will

I. Prigogine.
